

November News Sheet

Reported 28 October 2010 by Les Parker VK4SO

Welcome to the news sheet for November 2010

Meetings

The next meeting of BARC will be Friday 12th November 2010 commencing at 7.30pm. This is a social meeting. If someone wants to give a talk on some subject let me know so that it can be publicised before the meeting.

The business meeting, the last for 2010 will be on Friday 26th November 2010.

Club happenings

The club has obtained a more substantial white board and the previous board modified so it can be used as a screen for ohp or computer projector so talks and demos should be more easier to see.

We are wanting suggestions for a location for our Christmas break up. We are unable to hold it at the maritime museum so some other venue must be found. I believe that it should be held on a Saturday or Sunday instead of the Friday evening meeting. Please let a committee member know of your suggestions.

Contests

November 13th—14th Japan International DX contest

November 20th—21st Spring VHF/UHF Field day

November 27th—28th CQWW DX Contest

Nets

Both the HF and the VHF nets have had more people participating which is good to see. The results of the 10 metre net survey will be given at the November business meeting.

General

If you have anything that you would like included in the news sheet eg birthdays for that month items for sale etc I will include these in future issues and may even expand beyond the one page as at present. You never know we may even get back to a newsletter.

If a member has any suggestions for improving the club please let the committee know about it so it can be discussed at one of our meetings.

That is about all for this month
