### July 8<sup>th</sup> EBARC Meeting Peter Hoffman, W6DEI

### We'll meet in the community meeting room at the El Sobrante Library, 4191 Appian Way. Enter through the back door.

Our July speaker is Jim Coletto, N6TQ. You might recall Jim speaking to us last year about his solo DXpedition to Botswana. Jim was also a member of the 2016 Heard Island Dxpedition Team and probably the most active radio operator of the group. That earned him the nickname "Ironman" by his compatriots. Come hear about his exploits on this fascinating and remote expedition.

# Whose "Morse" Code?

Did Samuel F. B. Morse invent the code as we know it today, or did Alfred Vail? To see this copyrighted discussion online, go to <u>www.telegraph-office.com/pages/vail.html</u> [Thank you, James McWilliams, K6LHP, for this suggestion – Editor]
