October 12th EBARC Meeting Jack Burris, K6JEB, 1st VP

We'll meet in the community meeting room at the El Sobrante Library, 4191 Appian Way. Enter through the back door.

At the October meeting, we'll look at electronic test equipment useful to ham radio operators.

General Meeting Minutes September 14, 2012 Mike McMillan, K6MCM, Secretary

Opening: The meeting was called to order at 7:30 p.m. by President Fowler. Sign-in sheet was circulated, members and guests signed in. A round of self-introductions was made including the question, "Have you operated from the club station?" Only one member (other than the station manager) said they had; others asked what and where is the club station. Minutes of the August 10, 2012 meeting were approved as published in *The Blown Fuse*.

Program: First Vice-President Burris reported that tonight's program will be on Radio

Sausalito, and independent FCC Part 15 radio station. Next month's program is scheduled to be on electronic test equipment useful to ham radio operators.

Hospitality: Second Vice-President Sparks served an excellent array of refreshments.

Membership: Third Vice-President Primsch was absent. Extra copies of *The Blown Fuse* were available to anyone interested.

Finance: Treasurer Jenkins reported club financial information. General fund balance was \$3,211.30; station fund balance was \$3,520.80. Total monthly income was \$8.00; total expenses were \$210.34.

Secretary: Secretary McMillan reported two items of correspondence, a PG&E bill and a QSL card request.

Station Manager: Gleason reported roofing parties are scheduled for September 23 and 30. Help is needed to seal the joints and vents.

Public Events/Education: Jenkins reported three coming events in Marin were fully staffed, not much activity on this side of the bay.

Web Page: Webmaster Hoffman was absent.

President: Fowler reported an email from Ron Bunch, W4FEK, stating that all licensed hams are welcome at RACES training; check their website for details (<http://www.coco-races.org/>). A license class has started for Technician and General class at the Alvarado campus of West Contra Costa Adult School; 11 students are attending.

A motion to raise the dues from \$25 to \$30 per year was moved and discussed. Mention of past club fun(d)-raisers was made. Use of increased income for club upkeep, additional club equipment, and increased flexibility of Board to provide services was discussed. Bylaws covering method of raising dues was

also discussed. By a vote of 10 to 4, the motion to raise the dues was passed.

Discussion followed that all members should be allowed to vote on a raise in dues. President Fowler read from the club constitution, Article VII: "The Club, by a majority of those present at any regular meeting, may levy upon the general membership such dues or assessments as shall be deemed necessary to conduct the business of the organization within its objectives as set forth in Article II". Thus the vote was in conformance of our club constitution.

New Members and Guests: Four people were recognized: Jeff Miller, KJ6RHF; Jeff Long, KJ6JTR; Lee Look, N6BQQ; and Jon Westerling (our speaker), N1JLV.

Announcements: A member brought in copies of *Monitoring Times* with an article about ham podcasts. A Route 66 special radio event is happening.

Next Meeting: The next meeting will be on October 12, 2012.

Closing: There being no further business, the membership meeting was adjourned at 8:05 p.m.

Presentation: After a break for refreshments, Jonathan Westerling, N1JLV, gave a detailed presentation on the history and operation of Radio Sausalito, "Foot Stompin' Jazz". Radio Sausalito was conceived in December 1999 as a public service and a gift to the people of the city of Sausalito. As an FCC Part 15 station, the AM broadcast is limited to 100 milliwatts of DC input power to the final RF stage with severe restrictions on size, height, and type of antenna. The first transmitter was custom built in Norway and went on the air permanently in March of 2000 as an experiment in neighborhood broadcasting. It broadcasted with about 50 milliwatts to folks in the northern few blocks of Caledonia Street. Jon showed pictures of early and current equipment

including specialized GPS-enabled synchronization of repeater sites. The station is now fully automated, running custom programmed computers and audio equipment. The computers contain hours of great jazz which rotate each day in preprogrammed playlists. In addition to the nonstop jazz, they feature several locally produced, jazz oriented programs every week.

Many thanks to Michael McMillan, K6MCM, for preproofing this month's *Blown Fuse*.

Treasurer's Report

August 2012

Randy Jenkins, KA6BQF, Treasurer

AUGUST GENERAL FUND¹

Beginning Balance	\$3,720.28
<u>Income:</u>	
Refreshment Kitty:.....	<u>8.00</u>

OTHERS:

Twitter has an ever-growing number of hams and ham-related groups using it... even EBARC! Searching through a Ham's "Following" page will reveal pages you may want to follow yourself. Try searching call signs on Twitter to see if there is a related page there.

I'm not a heavy contester so I don't follow contest sites, but one page even light or non-contesters should know is the

WA7BNM Contest Calendar:

<http://www.hornucopia.com/contestcal/index.html> - Click on the 8-Day Calendar page to know what contests are currently running - and get all the info about rules, frequencies, times, exchanges and links to the sponsoring site for any particular contest to learn more about it.

Gotta have these:
