October Meeting - WSRC used Equipment

The Club held its annual Used Equipment Sale on Saturday 8th October at the Rosebank School Hall. It wasn't a large sale but all who turned up had a great time. Much of the used equipment on offer found a new home. The canteen did a steady trade and many friendships were renewed. A new feature this year was a test bench where prospective buyers could test the equipment they were intending to buy. This gave people some certainty that the equipment was working and was well received by those who made use of it. We will try and have this feature again for future sales.

General views of the sale on Saturday 8th October 2011 at the Rosebank School Hall

Congratulations

Congratulations to Roy ZL1LK on his marriage last Saturday. Roy tells me he had a wonderful day.

2-metre USB Net

A few of us are having a 2-metre single side band net on 144.200 MHz on Sunday evenings following the VHF Group News and Net. You are welcome to join if you want. The net was originally suggested by John ZL1JD. Initially quite a few stations came up and it was surprising the distances that were achieved however numbers have dropped to two or three most Sundays.

Club Nets

VHF Net 146.525 MHz 7:30pm every Wednesday, HF Net 3623 KHz +/- QRM/QRN 7:30pm every Friday. All are welcome to check in on the nets. The full HF Net Roster can be found on <http://www.qsl.net/zl1ac/wsrc-hf-roster.html>

With enough people to run the net you will only be rostered on about once every six weeks. Please consider helping if you can. I will be putting next year's roster together soon. john.neill@opus.co.nz
